

Methylsulfonylmethane (MSM)

Description

Product number B088 Methylsulfonylmethane (MSM) - 500 grams of powder

Methylsulfonylmethane (MSM) is an organic sulfur compound and occurs naturally in our diet and our body. MSM consists of about a third of sulfur. The mineral sulfur is found in the amino acids taurine, methionine, cysteine, glutathione, various proteins and mucins. Our nails, hair and connective tissue are relatively high in sulfur.

Ingredients per level company:

Methylsulfonylmethane (MSM) 1.7 grams

Fillers: none.

Usage and warnings:

Adults take 1 to 2 level scoops with meals daily, dissolve in water or juice, unless otherwise advised by an expert. Do not exceed recommended dosage. Do not use during pregnancy or lactation and in hypersensitivity to MSM. Keep out of reach of children. A dietary supplement is not a substitute for a balanced diet.
